

Our Company & Philosophy

U. S. Sedan is locally owned and operated and has grown to be the preferred chauffeur company with affiliates and locations servicing the greater DC metropolitan area and 570 cities worldwide.

At U.S. Sedan, our philosophy is to provide you with service that exemplifies superb quality, security and professionalism. Our commitment to a job well done is our reward. U.S. Sedan imparts the same expert level of service and attention to each and every client we serve.

Our Record

U.S. Sedan leads the Washington, DC metropolitan area in quality rankings. We were rated #1 in service and maintain the highest quality rating by Affiliate Ranking. Additionally, U.S. Sedan received the highest rating available from a recent Department of Transportation audit. We are the preferred transportation provider for Ritz Carlton hotels, Landmark Aviation, Signature Aviation, and many major corporations and government contractors in the metropolitan area. We pride ourselves on our record and strive for excellence in everything we do.

Our Staff

Professional and experienced Chauffeurs are the backbone of U.S. Sedan Service. Our chauffeurs are thoroughly screened, including background checks and drug screenings. Each driver completes a comprehensive certified training program, regardless of their prior experience.

Each professional chauffeur has security clearance to permit service in restricted locations. Their extensive local geographical and technical knowledge allows for a quick response to changing road environments and itinerary modifications, which ensures punctuality for our clients.

We take care of the transportation, so you can take care of business.

Uncompromised attention to detail, exceeding expectations, and limitless luxury are what make U.S. Sedan Worldwide a leading chauffeur company for corporate and executive transportation.

Corporate, Meetings, & Conference Services

U.S. Sedan is very experienced in providing services to executive travelers, corporate travel departments, and meeting & conference planners. With our superior technological support and 24 hour accessibility we respond immediately to special requests and itinerary changes.

Our executive accommodations include satellite radio and television, which allows en route access to market numbers, business news, and global events. We also provide GPS tracking to monitor your vehicles location for up to date arrival times and peace of mind.

Our Corporate Event Coordinators are experienced professionals who are knowledgeable and capable of planning out every transportation detail to ensure a flawless experience with your meetings and events. Contingent on the size and scope of the occasion, our team will assist in the planning and execution of the agenda, locations, and travel requirements of each event's segments.

Our Event Coordinators will organize and react quickly to changes and manage all aspects of correspondence with executives requiring transportation services. We also provide you with an on-site management team who will guarantee your event is carried out smoothly and professionally.

Our thoroughly screened chauffeurs uphold the highest level of professionalism. Each driver is geographically proficient and has the latest in mobile technology to allow seamless adaptation to schedule changes. For added convenience, U.S. Sedan's drivers maintain security clearances permitting access to locations otherwise restricted from the general public.

We also have an in-house concierge who can assist you with changing plans during trips, including reservations, itinerary, and customized sightseeing tours. To ensure each reservation is carried out seamlessly, our courteous telephone representatives are in constant contact with our chauffeurs.

Global Reach

We provide service to 650 locations in 570 cities worldwide through our affiliate network and we service 700 commercial airports and 5,000 general aviation terminals globally.

Technology

U.S. Sedan offers the most advanced GPS, weather, and on-board flight tracking capabilities in the industry. We can monitor and track your vehicle by GPS so that you are aware of its location and anticipated arrival times.

Our Fleet

Stunning executive Mercedes, Cadillac, and Lincoln sedans, SUV's, limousines, and executive vans, motor coaches, and buses make up our meticulously maintained fleet. We go to great lengths to ensure the vehicles we operate are in pristine condition. Each vehicle is expertly serviced and professionally maintained and all are well-equipped with the latest technology and features you come to expect from a luxury vehicle.

Our extensive selection and personalized services guarantee that we can accommodate any transportation requirement you may have.
